Jaime Subirá carries out various civil, commercial and administrative trials in different jurisdictions, related to successions, foreclosures, corporate conflicts, bill collection, contracts, and damages.

Before joining Córdoba Francos Abogados, Jaime developed his professional practice in the most prestigious law firms in Argentina, where he gained experience in the legal structuring for the acquisition of companies and other assets in the country. During the late 90's economic and financial crisis, Jaime worked actively in debt restructuring, reorganization proceedings and bankruptcy. Jaime has gained extensive experience in complex civil, commercial and administrative litigation, which is his current area of practice. He intervened in different arbitration proceedings before the Arbitration Court of the Buenos Aires Stock Exchange, before the London Court of International Arbitration (LCIA) and before the International Chamber of Commerce (ICC). In the public sector, Jaime advised (i) the Ministry of Economy and Production on international claims against National State funds and on the constitution of a regional bank; (ii) The Sustainability Guarantee Fund in the structuring of financial trust with public offering for the development of the country's infrastructure; and (iii) in the renegotiation of the hydrocarbon contracts of the Province of Río Negro.
